

PUT THE MONEY WHERE THE MOUTH IS

*The feasibility and effectiveness of food pricing strategies
to stimulate healthy eating*

The study presented in this thesis was conducted at the Department of Health Sciences and the EMGO+ Institute for Health and Care Research of the VU University Amsterdam. The EMGO+ Institute participates in the Netherlands School of Primary Care Research (CaRe), which was acknowledged in 2005 by the Royal Netherlands Academy of Arts and Sciences (KNAW).

This study was financially supported by a grant from the Netherlands Organization for Health Research and Development (ZonMw) Program for Prevention (project no. 50-50105-96-426).
