

Clinical outcome measures in progressive multiple sclerosis

Libertje Bosma

The studies described in this thesis were performed at the Department of Neurology, VU University Medical Center, Amsterdam, the Netherlands. MS research at the VUmc is organized within the MS Center Amsterdam and supported by grants from the Dutch MS Research Foundation, Voorschoten, the Netherlands.

Financial support for the printing of this thesis was kindly provided by: Novartis Pharma BV, Bayer Healthcare, BiogenIdec International BV, Merck Serono, Teva Nederland, Stichting MS Research.

Photo cover MJ Smets

About the cover The cover picture was taken in Pas-de-Calais, France.
The wooden poles symbolize the steps of a measurement scale and their slope into the sea symbolizes the inevitable progression of the wasting disease called MS.
