

## CONTENT

Preface		9
---------	--	---

### GENERAL INTRODUCTION

Chapter 1	Challenges of patient participation in rheumatology research	13
-----------	--	----

### PART I THE PATIENT AS RESEARCH PARTNER

Chapter 2	Do not forget the professional – The value of the FIRST model for guiding the structural involvement of patients in rheumatology research	43
-----------	---	----

Chapter 3	Towards structural patient participation in health research; The Dutch Network of patient research partners in rheumatic research	65
-----------	---	----

### PART II THE PATIENT AS COMMITTEE MEMBER

Chapter 4	EULAR Recommendations for the inclusion of patient representatives in scientific projects	91
-----------	---	----

### PART III THE PATIENT AS CONFERENCE PARTICIPANT

Chapter 5	Involving patient research partners has a significant impact on outcomes research: a responsive evaluation of the international OMERACT conferences	107
-----------	---	-----

Chapter 6	Facilitating and inhibiting factors for long term involvement of patients in outcome research - Lessons learned from a decade of collaboration at OMERACT conferences: A qualitative study	131
-----------	--	-----

Chapter 7	“If I wasn’t this robust”: Patients’ expectations and experiences at the Outcome Measures in Rheumatology Conference 2010	159
-----------	---	-----

Chapter 8	What has been the effect on trial outcome assessments of a decade of patient participation in OMERACT?	177
-----------	--	-----

**PART IV THE PATIENT AS RESEARCHER**

Chapter 9	Patients can be researchers too – Reflections on the role of a patient researcher as go-between	197
-----------	---	-----

**GENERAL DISCUSSION**

Chapter 10	Changing research practices through dialogue. A critical analysis of patient participation in rheumatology research	221
------------	---	-----
