

CONTENTS

Chapter 1	An introduction to developmental programming, hypothalamic energy balance regulation, and programming of energy balance	1
Chapter 2	Objectives, design, and outline of the thesis	37
Chapter 3	Neonatal food restriction permanently alters rat body dimensions and energy intake	47
Chapter 4	Energy intake and resting energy expenditure in adult male rats after early postnatal food restriction	65
Chapter 5	Hypothalamic neuropeptide expression of juvenile and middle-aged rats after early postnatal food restriction	79
Chapter 6	Gene expression of NPY and POMC in the arcuate nucleus of adult male rats subjected to early postnatal food restriction	97
Chapter 7	A discussion on developmental programming of energy balance and its hypothalamic regulation by raising rats in large litters	111
