

## CONTENTS

<b>CHAPTER 1.</b> General introduction	9
<b>CHAPTER 2.</b> Identification of the hydroxyapatite binding domain of salivary agglutinin	25
<b>CHAPTER 3.</b> Sortase A as a tool to functionalize surfaces	43
<b>CHAPTER 4.</b> Identification and characterization of a salivary-pellicle-binding peptide by phage display	57
<b>CHAPTER 5.</b> Sphingosines affect the adherence of <i>Streptococcus gordonii</i> and <i>Streptococcus sanguinis</i> on hydroxyapatite	77
<b>CHAPTER 6.</b> Anti-adherence and bactericidal activity of sphingosines against <i>Streptococcus mutans</i>	99
<b>CHAPTER 7.</b> Summarizing discussion	117
Nederlandse samenvatting	129
Acknowledgement	137
