

Quality Indicators for Palliative Care

from an international perspective

Maike De Roo

The research presented in this thesis was conducted within the EMGO+ Institute for Health and Care Research, Department of Public and Occupational Health of the VU University Medical Center, Amsterdam, the Netherlands.

Financial support for the research included in this thesis came from:

- The EURO IMPACT project, European Intersectorial and Multidisciplinary Palliative Care Research Training, funded by the European Union Seventh Framework Programme FP7/2007-2013 [grant agreement n° 264697]
- The Flemish government agency for Innovation by Science and Technology [SBO IWT nr. 100036] and [SBO IWT nr. 050158]
- The Italian Ministry of Health [Integrated Oncology Project n°6, years 2008-2011]
- The Autonomous Community of Castilla y León and Comunitat Valenciana, Spain
- The Netherlands Organisation for Scientific Research [NWO, the Hague; Veni 916.66.073]
- The Netherlands Organisation for Health Research and Development (ZonMw), [grant number 1151.0001]
- The VU University Medical Center, EMGO Institute for Health and Care Research, Department of General Practice & Elderly Care medicine, and the Department of Public and Occupational Health, Amsterdam, the Netherlands

Financial support for printing this thesis was kindly provided by the VU university, the EMGO+ Institute and the Vrije Universiteit Brussel.
